

This technical drawing shows a cross-section of a mirror panel being installed. The mirror panel is shown as a dashed rectangle on the right. To its left, a series of horizontal lines represent the mounting structure. A pink 'X' marks the point where the mirror panel meets the mounting. Labels with leader lines point to various components: 'Blocking (By others)' points to a vertical line above the mounting; 'Newmat Shim & Steel Plate' points to a horizontal line above the mounting; 'Stud Framing (By Eurotech)' points to a horizontal line below the mounting. On the right side, 'Newmat Trim (By others)' points to a vertical line, 'Newmat Magnet' points to a horizontal line, and 'Newmat Silver Mirror Panel' points to the dashed rectangle. The drawing is enclosed in a blue border.

Blocking (By others)
Newmat Shim & Steel Plate
Stud Framing (By Eurotech)

Newmat Trim (By others)
Newmat Magnet
Newmat Silver Mirror Panel
